Date	Far North	North	Central (excluding Saskatoon)	Saskatoon	South (excluding Regina)	Regina	Total Saskatchewan

Note: Cases prior to August 3 are reported by the RRPL line list variable "Date Tested/Overall". The number of cases since August 3 are reported based on our summary tables which is also what was used for the daily reports. There were 246 cases since August 3 based on RRPL data but 252 based on our summary tables. This means that 6 cases had "date tested" prior to August 3 but were reported as cases after August 3.
